

CSC 144: Assignment 10
Due Date: Friday, April 19, 2024 at 9:00am

Directions:

1. Start early! Getting help is much easier n days before the due date/time than it will be n hours before.
2. Write complete answers to each of the following questions, in accordance with the given directions.
Create your solutions as a PDF document. Show your work, when appropriate, for possible partial credit.
3. Answers may be typed or handwritten, but please make sure your work is neat and legible. The TAs will always have the right to decide a submission is too messy to try to read and figure out.
4. If you have questions about any aspect of this assignment, help is available from the class staff via piazza.com and our office hours.
5. When your answers are ready to be turned in, do so on gradescope.com. Be sure to assign pages to problems after you upload your PDF. Need help? Visit help.gradescope.com and search for “Submitting an Assignment”.
6. The answers to all the odd number exercises are in the book. Any odd number problem will be graded for completion only, we expect you to check your own answers. Just copying the answers almost guarantees poor performance on the exam, so check, figure out why you got any answers wrong, and then correct them. If you have trouble understanding seek help.
7. Even number problems will be graded by a TA for correctness.
8. There may be more problems assigned than you are used to, but remember the only way to learn the material is to work through problems. The more you do, the better you’ll do in the class.
9. Please recall that you may work with friends on the assignments, but be sure you understand and are not just getting answers from friends or you won’t be prepared for the exams.
10. **However, the work you turn in must have been written or typed by you. Turning in a copy, screenshot, etc. of work found some place will be treated as an academic integrity violation!**

Assignment: Every odd number problem in this assignment is worth 5 points each and the others are worth 10 points each. All are from the book.
